THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D. C. 20505

Office of the Director

14 DEC 1973

MEMORANDUM FOR: NSIC Working Group

SUBJECT: Post-Mortem of Production in the Intelligence  
Community During and Prior to the Chilean  
Coups, September 1973

1. The attached report is for your review. While this appears to be a situation in which the intelligence community generally acquitted itself well, our reflection on the lessons learned from this study indicates that there indeed are areas in which improvement seems desirable. In our view, for example, National Intelligence Estimates should be updated in the event that new information alters existing judgments concerning matters of import and concern.
